SKIP HIRE

**PROPERTY & GARDEN
CLEARANCE**

UNIT 4, CAULDWELL WALK, BEDFORD, MK42 9DT

before

PROPERTY CLEARANCE

We have a dedicated team for property and garden clearances.

We pride ourselves on a quick and efficient service and can quote and clear usually on the same day. All sites are photographed before and after, and a detailed waste log completed which is filed and can be produced or e-mailed for client reference at any time. All waste is taken to our transfer station to be sorted and recycled in line with the Environment Agency legislation. All sites are swept out and left tidy.

We are currently clearing properties on behalf of a large housing association and understand the importance of a comprehensive and professional service to operate within procedures as defined by our client.

after

SKIP HIRE

Established only two years ago, we now have a multitude of different sized skips ranging from two to fourteen yards starting from as low as £55 + VAT. We have our own purpose built waste transfer station recycling over 85% of waste.

Before hiring a skip, speak to one of our friendly team and discuss what your needs are and they will be able to advise you on the best size of skip. Alternatively, why not visit our site and we will be able to show you the options available.

For a business with ongoing waste requirements, we can come to your site to discuss your operational needs and, subject to contract and terms, fabricate a skip to your specific requirements. We have already fabricated closed skips for restaurant clients and larger high-sided skips for property maintenance and manufacturing companies. From design to delivery usually takes only four weeks and we can provide a solution in the interim period.

before

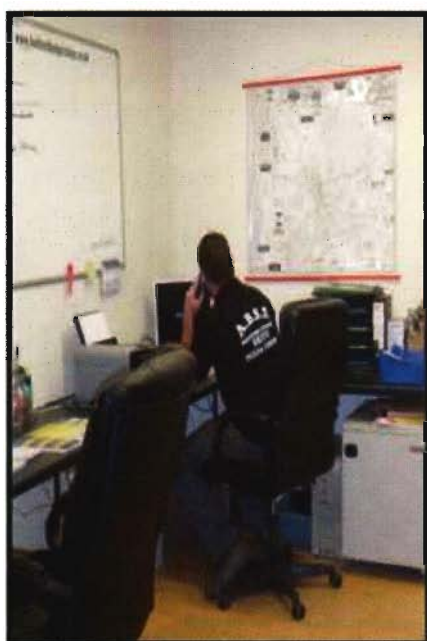

GARDEN CLEARANCE

This is the latest service to be offered. Neglected gardens need to be stripped back to a blank canvas. The pictured property needed a vegetable patch digging out, brambles removed and then the garden trimmed and bushes cutting back. All green waste is removed and recycled.
